		<p>Trade Off” (Group level risk, IOI is not sourcing for the reported areas)</p> <p>Greenpeace report can be found <a href="#">here</a></p> <p>IOI’s spatial risk analysis classified the supplying mill of TH Plantations as a high priority mill</p>	<p>field verification of Kota Bahagia mill and estates were discussed as well as the ongoing clearing of peat in TH’s Indonesian concessions. We appreciate the feedback and clarification given by TH including TH’s intention to continue clearing of peat areas. The latter is in conflict with IOI’s policy and therefore we continue the suspension of TH plantation from our supply chain</p> <p>Nov-16: TH Plantations invited IOI for mill verification. TH and IOI have scheduled the mill verification for Mar-2017. IOI will contact senior management of TH once the report of the mill verification is available. In this meeting IOI will also address the other issues reported listed in our grievance list as well as milestones for re-engagement.</p> <p>2016: On several occasions, IOI approached TH Plantations for an on-site mill and supply base verification. Since TH Plantations refused to collaborate, IOI decided to phase out TH Plantations from its supply chain.</p>
2015	IOI concessions in Ketapang, West Kalimantan, Indonesia (SNA group: PT BNS, BSS & SKS)	<p>RSPO complaint related to land clearing and illegal planting</p> <p>RSPO case tracker: <a href="#">here</a></p>	<p>2017: IOI continues its near real time monitoring program on the Ketapang concessions.</p> <p>Feb-17: RSPO conducted field verification PT BNS and PT SKS, IOI is waiting for the report (including the report on BSS). IOI will continue to implement actions listed in the Sustainable Implementation Plan (SIP) and provide quarterly updates via its website.</p> <p>Dec-16: IOI Group and AE issued a joint statement in which parties jointly declared to have achieved agreement in closing the Ketapang complaint case.</p>

			<p>Aidenvironment has raised all other matters with IOI for perusal and declared that it has no further standing issues with IOI related to the Ketapang case. The above declaration has been achieved with IOI Group, independent of RSPO's decisions. The full Statement can be found on the IOI Group website.</p> <p>Sep-16: RSPO conducted field verification PT BSS. Report not yet published.</p>

			<p>involved community representatives for reviewing by the communities. A follow up meeting is scheduled.</p> <p>2015: An effort by the state government of Sarawak to resolve the issues; all parties agreed to this government initiative. In November 2015 a meeting held between the state government, IOI and the community in which an offer was made for compensation. The community did not accept the offer. A second mediation meeting was held in December. An independent observer from RSPO attended this second mediation meeting and submitted a report to the RSPO secretariat. Meetings were held in collaboration and support of RSPO with various NGOs, the most significant being the Meditation by Mr. Tim Offor from Pax Populus Australia in December 2011. Other reports on this matter includes Marcus Colchester Report of July 2013 and Ramy Bulan Report 2012/2015.</p> <p>Despite the Appeals Proceeding and the subsequent decision of the Courts of Appeal and Federal Court, IOI and the LTK community continue to engage in dialogue to seek solutions beyond the jurisdiction of the legal system.</p> <p>On the April 2013, the Court of Appeal reversed the High Court decision stating that there was no evidence to support the claim for NCR over the 2 land parcels within IOI Pelita Provisional Lease. In July 2013, the Federal Court had further dismissed the LTK Community's application to appeal against the Court of Appeal's findings.</p>

			<p>2010: RSPO complaint against IOI Group, lodged by 11 International and grassroots NGO's and the local Long Teran Kanan community in Sarawak. The timeline of the complaint can be found via the RSPO case tracker. Dispute is referred for mediation through the Dispute Settlement Facility of the RSPO: RSPO case-tracker. Several attempts took place for settlement through mediation, meetings between IOI, representatives of communities and the RSPO DSF.</p> <p>In March 2010, the High Court of Sarawak found in favour of the plaintiff's claim for NCR. However, the high court did not grant an injunction against IOI Pelita nor did they declare the alienation of the Provisional Lease to be Null and Void. Instead the Court ordered the assessment of damages for compensation to the plaintiff.</p> <p>IOI, in Sept 2006 acquired shares in Rinwood Pelita Sdn Bhd and inherited the legal dispute. Upon acquisition of the shares, IOI Pelita managed to negotiate settlement with some of the LTK Community at approximately RM1,600 per hectare. It is also noted that Rinwood had also conducted some negotiations and provided compensation to segments of the LTK Community prior to IOI's share acquisition.</p>
